

GRANT GUIDELINES

About Neighbourhood Grants

Foundation SA's Neighbourhood Grants provide funding, of up to \$5,000 per grant, to grassroots projects that enhance wellbeing, inclusivity, and resilience across South Australia. At Foundation SA, we believe that strong, connected communities start with small, local initiatives that make a big difference.

Since our inception, we've given out almost \$100,000 through Neighbourhood Grants to help support our vision of a connected, resilient, sustainable South Australia for all.

What do we fund?

You know what your community needs to thrive and we'd like to support you to achieve this. When we say 'community', we mean a community group or a community of individuals brought together by a common purpose.

Neighbourhood Grants support acts of community connection that strengthen the bonds of neighbourhoods, initiated and led by people in their own communities.

The program aims to encourage:

- Inclusive, equitable and welcoming communities where people feel a sense of belonging
- Bold, innovative and purposeful community development that supports the changing needs of communities
- Recognition of the local assets and resources within community

- Sustainable projects that are initiated and owned by the community
- Local leadership and collective action

Key criteria:

- Project/activity must be informed or led by the people directly affected by the issue
- Project/activity must increase community connection

If you have any questions in relation to the grants portal or require technical assistance with the application process, please contact Gabby Lam, Philanthropy Lead: gabby@communityfoundation.org.au or 03 9412 0412.

Foundation SA understands that the formal application and acquittal process through the Australian Communities Foundation portal does not meet everyone's access needs and can offer support to individuals or groups to ensure funding is accessible on a case-by-case basis. Please contact grants@foundationsa.org.au to discuss further.

How will your application be assessed?

Applications will be assessed on the grant guidelines and key criteria listed above. The grant evaluation process is decided by a Foundation SA volunteer committee.

Consideration is also given to:

- Number of applications addressing the same issue/community group
- Funding previously received through Foundation SA

If you are awarded a Neighbourhood Grants what do we ask of you?

- Allow us to publish information and images of the project being funded on our digital and print platforms
